50+ Tech Tools for School Counselors:
How to be More Engaging, Efficient, and Effective

Digital tools to transform your practice ...

Educating students in the 21st century is about more than preparing them for work in the digital age; it's also about connecting with the whole student and transcending barriers. Designed for school counselors and other education professionals.

Learn how digital tools can be used daily to not only enrich intervention and instruction but also guide decision-making, streamline work, enhance communication, and promote happier students.

Presentation Provides:

- a framework for leadership and advocacy through the lens of technology

- vignettes demonstrating implementation and quotes from students and other stakeholders

- step-by-step guides
